Summary

I wanted to have sorted all the cutlery but haven't found any Gridfinity models for it, so I tried to create it myself.

I wanted to have sorted all the cutlery but haven't found any Gridfinity models for it, so I tried to create it myself.

I created some forms for bigger spoons, normal forks and knifed.

All step files, so remixing should be doable, if needed I can also provide the Fustion360 Files directly.
